## **ViVest P Series AED Test Evidence Statement**

To whom it may concern,

ViVest Medical Technology Co., Ltd. hereby confirms the test evidence for our P series AEDs as follows:

1. The product models P1 and P3 meet the applicable test requirements of MIL-STD-810H (2019) based on the test reports issued by GRG Metrology & Test Group Co., Ltd.

- P1 Test Report Number: H202601064630-01EN
- P3 Test Report Number: H202601064630-02EN

2. The product P1 and P3 has been tested in accordance with EN 1789:2020+A1:2023 (vibration, shock and drop tests).

- P1 Test Report Number: BJ-R251216113A-03-EN
- P3 Test Report Number: BJ-R251216113A-02-EN

3. The product model P3 meets the requirements of IEC 60529 (IP65) based on the test report issued by Bestj Testing Technologies (CNAS L9325).

- P3 Test Report Number: BJ-R251216113A-01-EN

The product model P1 also has an IP65 rating based on IEC60601-1 Test Report No. 64.66T.23.428.01.

Sincerely,

James Wang

Vice President of ViVest Medical Technology Co., Ltd.
